

# EXTRACTION

2018

**SAVE THE DATE**

**AUGUST 26–29, 2018 • OTTAWA, CANADA**

Organized by the Metallurgy and Materials Society (MetSoc) of the Canadian Institute of Mining, Metallurgy and Petroleum (CIM); the Society for Mining, Metallurgy & Exploration (SME); and The Minerals, Metals & Materials Society (TMS).

Visit [www.ExtractionMeeting.org](http://www.ExtractionMeeting.org) to sign up for e-mail updates.

Don't miss this new opportunity to gather with your colleagues in the global extractive metallurgy community.

**Extraction 2018 will host several important recurring symposia:**

- Hydrometallurgy 2018
- Gordon M. Ritcey Symposium
- Advances in Sulfide Smelting

**New programming includes, but is not limited to:**

- Critical Materials Production
- Pyrometallurgical Processing of Oxides
- Sulfide Flotation
- Extractive Metallurgy Markets and Economics

**Other highlights include networking events, tours, and an industrial exhibition.**

Visit [www.ExtractionMeeting.org](http://www.ExtractionMeeting.org) for details and updates.

**CONFERENCE CO-CHAIRS:**

**MetSoc:** Boyd Davis, Kingston Process Metallurgy Inc., Canada

**SME:** Michael Moats, Missouri University of Science and Technology, USA

**TMS:** Shijie Wang, Rio Tinto Kennecott Utah Copper Corp., USA
