**Sulfide Flotation**
*Part of the Extraction 2018 global extractive metallurgy conference*

New for Extraction 2018, this symposium encompasses a variety of aspects impacting the flotation of base and precious metals such as Cu, Pb, Zn, Mo, PGM, Au, and Ag. The focus is on practical applications, with each session designed to convene metallurgists, scientists and operators to discuss technologies and processes to improve flotation performance and address the myriad challenges facing the industry. Of particular interest are presentations examining the following technical scopes:

- Flotation plant design and operational challenges
- Flotation process mineralogy and geometallurgy
- New developments in flotation chemistry
- Recent advances in flotation equipment

**SYMPOSIUM ORGANIZERS**
*The Minerals, Metals & Materials Society*
*A Collaboration of Leading Societies in Extractive Metallurgy*

**EXTRACTION 2018**
*Technical Themes and Symposia*

**Hydrometallurgy**
- Hydrometallurgy 2018
  - Gordon Ritcey Symposium: Advances in Hydrometallurgical Solution Purification Separations
  - Processing of Critical Metals

**Pyrometallurgy**
- 7th International Symposium on Advances in Sulfide Smelting
  - Peter Hayes Symposium on Pyrometallurgical Processing

**Sulfide Flotation**
Extractive Metallurgy Markets and Economics

**BENEFIT YOURSELF... AND YOUR BUSINESS**

**Plan Now to Attend Extraction 2018**
Don’t miss the industry’s first collaborative global metallurgy conference focused exclusively on extractive topics, including business and economic issues. Extraction 2018 brings together the latest in technical research, provocative insights from recognized industry leaders, valuable plant tour experiences, an expanded trade show, and an abundance of business development opportunities into one dynamic meeting.
