

CROSS-CUTTING SYMPOSIA

November 16–20, 2025
Sheraton Grand at Wild Horse Pass
Phoenix, Arizona, USA | #ExtractionMeeting

REGISTER NOW

The cross-cutting symposia at the Extraction 2025 Meeting & Exhibition (Extraction 2025) are designed to create a dialogue among conference participants on topics of common interest and will provide forward-looking, multi-disciplinary, and societal perspectives. Be part of the discussions in various cross-cutting topics at Extraction 2025 along with experts and the community at large at this conference.

PLANNED TOPICS INCLUDE:

- **Recycling and the Circular Economy**
- **Economics and Markets**
- **Strategies for Decarbonization**
- **Responsible Mining/Processing**
- **Geometallurgy**
